

MATERIALTRADER

Every Offcut Has Value

FOUNDING MEMBER INVITATION

Every offcut has value.

The marketplace for surplus materials, hardware
and equipment.

You know the stash of leftover material sitting in the backroom, a cupboard, or on some racking somewhere. It is not getting used, but it is also too valuable to throw in the bin. Wrap, sign vinyl, tint or PPF - **Material Trader turns it back into cash**, while ticking a worthwhile sustainability box by offering **reuse**, which sits above recycling in the sustainability hierarchy. We are opening to a founding wave of members before public launch, and this is your invitation to get in first.

Early access. Lasting benefits.

Join Material Trader before public launch and lock in your Founding Member benefits.

THE HUB

COMING SOON

01

First into the Hub

Be first into the Material Trader Hub - **find vetted installers, or find work** - currently free to use, on founding terms before anyone else.

Currently Free · Founding terms · Early access

IMPACT

02

Reuse you can show

See your **second-life impact** measured honestly - the metres and kit you kept in use - ready to share with clients.

Metres · Items of kit

INFLUENCE

03

A say in what we build

Early access to new tools and dashboards, and **a direct line** to shape what comes next.

Early access · Direct line

ONBOARDING

04

Hands-on setup

Personal setup help, and **job lots** to clear a whole shelf of offcuts in one listing - one price takes all.

Setup · Job lots

RECOGNITION

05

Wear the founding badge

A **permanent mark** on your listings and profile. Proof you were here first, worn with pride.

Profile badge · For life

Two minutes to join.

Earning minutes after.

Selling surplus

- 1 Snap and list.** Photo, size, price - done. Dispatch address and payouts set up once, in the same flow.
- 2 Post it or hand it over.** Buy a shipping label in the app at trade rates, or arrange collection in person.
- 3 Get paid to your bank.** Funds release automatically after the buyer confirms, via Stripe.

Buying smart

- 1 Search by material, brand or size.** Vinyl, films, substrates, plus the hardware and equipment behind the work.
- 2 Pay protected.** Your money sits in escrow, not the seller's pocket, until the goods are in your hands.
- 3 Confirm and complete.** Happy? Mark it received and the sale is done. Problem? Our resolution process has your back.

Escrow on every trade

Payment is held until the buyer confirms delivery. No pay-and-pray, no chasing invoices.

Your details stay private

All contact runs through Material Trader messages. No numbers or emails exposed.

A community, not a car boot

Verified sellers, seller ratings and industry-standard listings - trade and individuals, buying with confidence.

SUSTAINABILITY MEASURED THE HONEST WAY

Reuse you can stand behind

No vague carbon maths, no claims we cannot prove. Resale keeps good stock in use and working, and we only ever count what genuinely got a second life.

MATERIAL

Metres

Given a second life across your sales.

EQUIPMENT

Items

Put back to work instead of gathering dust.

FOUNDING MEMBER SPOTS ARE OPEN NOW

Turn dead stock into cash.

Create your free account and you are in as a Founding Member of the UK's marketplace for surplus materials, hardware and equipment. That part-roll behind you? List it tonight - it could be someone's perfect three metres by the weekend.
